

Thank you so much for downloading The Lice Battle Plan calendar. This calendar has been designed to schedule “attacks” on head lice based on the life cycle of the head louse.

My name is Nurse Kevin, a school nurse, and I hate head lice! I created this calendar as an easy-to-use way to remember when to perform treatments as well as a way for school nurses, day cares and other care facilities to distribute an actual, universal “game plan” or “battle plan” to ensure that the families struggling with head lice are able to rid their heads and homes of this pest once and for all.

This calendar is to be used in conjunction with the information presented on the website:

www.licebattleplan.com

This website will provide you with all the information you ever needed to know about headlice. First, we present how to KILL HEAD LICE, where to get the tools (weapons) to kill the lice, and then the site teaches you all about head lice so you can better protect you and your family from ever becoming infected / infested again.
